

PEMPAL Budget Community of Practice (BCOP) 2024 Plenary Meeting

April 16-17, 2024, Sarajevo, Bosnia and Herzegovina Hotel Novotel Sarajevo Bristol

BACKGROUND INFORMATION ON PEMPAL AND BCOP:

Public Expenditure Management Peer Assisted Learning (PEMPAL) is a peer-learning platform that facilitates knowledge exchange among public finance practitioners from the Europe and Central Asia (ECA) region. The platform allows members to develop solutions to common public financial management (PFM) problems in the areas of budget, treasury, and internal audit. The network is organized around three thematic communities of practice: Budget Community of Practice (BCOP), Treasury Community of Practice (TCOP), and Internal Audit Community of Practice (IACOP). The main overall objective of BCOP is to strengthen budget methodology, planning, and transparency in member countries. Members are typically mid- to high-level officials in budget planning or budget methodology/policy units in Ministries of Finance. BCOP's strategic priorities are: i) sharpening tools for effective fiscal management, ii) strengthening fiscal transparency and accountability, and iii) expanding internationally available fiscal data on PEMPAL countries.

MEETING OBJECTIVES:

The general objective of the BCOP 2024 Annual Plenary Meeting is to provide the opportunity for BCOP member countries to examine and discuss members' priority budgeting topics and to plan BCOP's future activities.

Specific objectives are:

- i. to learn about Bosnia and Herzegovina's public finance management system and supporting IT tools
- ii. to gather feedback on the new BCOP's knowledge product on linking strategic planning and budgeting and to learn Armenia's experience in this area
- iii. to examine the preliminary results of BCOP's thematic survey on the current program and performance budgeting practices in PEMPAL countries
- iv. to get familiarized with the potential use of artificial intelligence in budgetingrelated practices
- v. to discuss new practices in budget openness in Uzbekistan and Georgia
- vi. to share developments from BCOP's activities and collect member countries' feedback on their priority topics for the BCOP's FY25 activities.
